

Are you concerned about...

Coastal development? Tree clearing?

Air pollution, industrial activities or mining?

Climate change...?

Get the facts. BE HEARD.

**Environmental Defenders Office and
The Australia Institute
are coming to you!**

**CCC Environment Centre
Haigh Park, off Livermore Street
Rockhampton**

5.30pm-7.30pm, Wednesday, 19 September 2018

Free Entry

Come and hear:

- new analysis of increasing extreme heat in the Rockhampton region
**and how you can protect our environment and your community
by learning how to:**
 - *effectively hold government decision makers to account*
 - *access information from government*
- *ensure our laws are enforced to protect your community and environment*

**The law is a powerful tool for helping you to have your concerns heard.
You have the right to be heard.**

Environmental Defenders Office (EDO) lawyers are experts in helping you use your legal powers to protect the environment and your community's health.

CAPRICORN CONSERVATION COUNCIL

A voice for the environment
